## A NEW VIRTUAL PROGRAM.

Victories presents its first symposium focusing on the experiences of men of color.

**Join us on Saturday, March 27 at 9:00 am**

A panel of black and brown men will share their lived experiences of being a Person Of Color in America. The intent is to elevate discussion of race, equity and diversity in the Victories Community. We invite men who identify as White/Caucasian to hold space for men of color in this community, and witness those men as they share intimate experiences from their individual lives and within the Victories community.

After the panel discussion, we will have breakout sessions facilitated by Equity Committee members and symposium panelists. Our aim is to have Level 3 and 4 conversations during these breakout sessions with a deeper understanding, connection and empathy for men of color.

### WHY ATTEND?

You are a Victories alum and are:

- Examining issues of race and diversity in your own life, including unconscious bias.
- Wanting to explore these sensitive issues in the safe container of Victories men.
- Curious about investigating the contributions of your own actions, thoughts and words.
